

Wheelchair Ramp / Accessibility Construction - CCC

We will construct wheelchair ramps or other accessibility features, for those with demonstrated medical and financial need.

Typical accessibility features we'll build:

1. Wheelchair ramps
2. Stairs
3. Walkways
4. Handrails
5. Bathroom grab bars

Please call, text, or email our office and tell us your needs. You may also use our [contact form](#). Our office is staffed Tuesday through Thursday, from 10am to 3pm.

Once you reach out, we'll visit your home to plan out what work needs to be done. Then, we will arrange for a group of volunteers to come out and perform the construction. These projects typically require one or two days of work on-site, usually on a weekend.

Our office may require you to submit some additional documentation as well, to prove financial need and other things.
