The Children's Home Society of Florida has a location in the Fort Myers area of Florida's Suncoast. By working with children and families before crises occur, the ultimate goal of the group is to end the need for foster care as it is known. The group delivers the right services at the right time to help children and families. They work to help keep more kids safe at home with their families. Parents are empowered to raise their children in healthy, nurturing homes. Please call or visit the website for more information.
