

Better Way of Miami, Inc. - Treatment Services

Better Way of Miami, Inc. provides three separate treatment programs.

- Day/Night Treatment – Clients may continue to reside at Better Way East. They may also move to another Better Way sponsored housing Program. If not, they can reside in local halfway houses or shelters, or with family members. When they aren't searching for employment, working, or attending school, they attend this intensive outpatient rehabilitation program. It is offered in the evening and during the day.
- Outpatient Treatment – The ultimate goal of the Outpatient Treatment Program is long-term abstinence from drugs and alcohol. This is done through treatment planning. Group and individual sessions with each person will also be done. They will help them learn how to sustain sobriety through the 12-Step Recovery Model.
- Residential Treatment – This is the most intensive program. It helps the addicted person to accept their addiction. It helps them break denial and adapt to the lifestyle among other recovering addicts. The client and the counselor / case manager will figure out areas needing change. Together they will develop plans to address them. The client is given a thorough grounding in 12 Step recovery.
