RHCF is a non-medical program. It provides transitional housing and recovery support to men with substance abuse issues. The program requires a one-year commitment. Qualified applicants must have no medical conditions that prevent them from working. They can have no past or present sexual or violent offenses. They cannot be currently taking prescription drugs that are narcotic or given intravenously. Upon approval the applicant can be admitted the same day in many cases. Clients will get help finding a job or getting job skills. They will get addiction education and learn life skills.

You must call for an interview. No walk-ins will be accepted

RHCF accepts old vehicles for donation. They provide many services to the community such as

cleaning, drywall repair, painting and more.
