

Parent Support Network (PSN) - Family Network on Disabilities

The Parent Support Network is known as PSN for short. PSN helps parents of children with disabilities get the training and information they need for their child. PSN preps their child for school and helps them to lead productive and independent lives. They also give free workshops. Please call or visit the [website](#) to learn more.

The Family Network on Disabilities group was founded by a group of parents of children with disabilities. It was formed for mutual support and information sharing. The group is family-centered and family-driven. The group has two goals for helping those with disabilities. The goals are the complete integration in society and complete equality in society. Both goals include no barriers to those with disabilities. They have a variety of services and programs available. All services offered by the group are free. Please call or visit the website for more information.
